

American Civil War

Choose four colors. One for the states in the union, one for the confederate states, one to show the free states and one for the border or boundary. Look at the map on the next page to help you. Remember to color in your box on your map key to show the colors you chose.

Of if you don't want to color, like to color or don't have time to color...LOL use the map on the next page :o)

American Civil War
