

Answer sheet; Do not need to print.

Crack the FBI Code

The FBI uses codes on some of their documents.

Use this [free educators](#) download at the Spy Museum to crack the code. If the download goes away, the answers are here.

SA Special Agent

SAC Special Agent in Charge

100-41702 Case File Number

The number before the hyphen refers to the type of case. 100 is a “Domestic Security” case. The number after the hyphen is the person’s specific case number.

b7d— Blacked out to protect the identity of a confidential source (individual or organization).

SM-C - Security Matter – Communism

b7c - Blacked out to protect the identity of an FBI informant or FBI employee.
